

IHSN

The International Household Survey Network

Introduces the

new NADA

NAtional Data Archive

Grant Access

*to your Survey Metadata
and Microdata on line*

> *Compliant to your Organization's
Dissemination Policy*

> *Fully compatible with international
metadata standards DDI
and Dublin Core*

New features include:

- Enhanced metadata browsing
- Faster access to survey metadata
- Increased security and user registration
- Improved monitoring of users and demand for data
- Multiple data access regimes:

> Public Use Microdata Files

> Licensed Use Microdata Files

> On site (Data Enclave) Access forms

<ddi>

Open Source application
